HYDROTENAX

Page 1 sur 1

Version 1

1. PRODUCT DESCRIPTION

Hydrotenax is a screen printing adhesive – Consistency = white liquide (Ph = 5)
Shelf life : 1 years between + 5 °C and + 35 °C.

2. USE

Water based adhesive for textile printing. Used to keep whatever substrate you are printing on in place while printing.
Infra red resistant – safe for t-shirts.

3. APPLICATION

Simply pour a little bit of adhesive, apply with a pincel – Allow to dry – You can accelerate drying with a hair dryer – You can re-activate by wiping over with a damp sponge. To wash the platen of the press use water if adhesive is not dry. After drying and when cleaning the press, you can use solvent PROSOLVE D.
