

TECHNICAL DATA SHEET

PRODUCT	ECOSOLVE G	Page 1 / 1
Date : 10/04/14		Version 1

1. DESCRIPTION

ECOSOLVE G is a cleaning solvent for screen-printing.
Flash point : 86 °C (NF EN 22719)

2. PROPERTIES

ECOSOLVE G can be used with any kinds of inks.

3. APPLICATION

Rub the screen on both sides with a cloth or brush until the inks have been dissolved. Rinse well with water or high pressure jet. If stubborn marks remain, leave ECOSOLVE G on for 2 or 3 minutes and wash out again.

4. WARNING / ENVIRONMENTAL PROTECTION

Do not contain ozone depleting chemicals as described in the Montreal convention.
ECOSOLVE G is formulated to be free from any chemicals toxic to health, carcinogenic, mutagenic or reprotoxic according to Directive 67/548/EC.

5. SUPPLIED IN :

1 Litre, 5 Litres , 30 Litres and 200 Litres
